

Idaho Wound Care Coalition 14th Annual Consensus Meeting

“Getting a Leg Up on Wound Care”

Share your experience and get a discounted registration

This is a call for any interesting case presentations, process improvement projects, pilot studies, etc. that can be displayed at the conference. Just about any experience you want to share with your colleagues that will be attending the conference is acceptable and of interest.

Application Submission Guidelines

- Fill out the submission form below and submit to IDwoundcarecoalition@gmail.com for review and acceptance.
- Deadline for submissions is September 1, 2022 (if needing support on display) or October 15, 2022.
- We welcome applications from any individual, group, clinic, facility, company or healthcare organization.
- Please consider the best way to share your information at the conference (poster, white board, trifold, printed PowerPoint). Please feel free to email us with ideas – we are happy to review and make recommendations on ways to present/display. Also, please review our PowerPoint deck called “How To: Creating a display for IWCC”.
- For questions, please contact us at IDwoundcarecoalition@gmail.com
- Participation includes discounted registration fee of \$50 to attend the Consensus meeting

SHARING FORMAT

- Please check this box if you are interested in assistance from our committee to share your information at the conference
- Please check this box if you intend to present your information without our assistance

For our planning purposes, please clarify what type of display space you may need.

- | | |
|---|---|
| <input type="checkbox"/> Poster (list size) _____ | <input type="checkbox"/> Trifold cardboard (approx. size) _____ |
| <input type="checkbox"/> Easel w/poster | <input type="checkbox"/> White Board |
| <input type="checkbox"/> Cork Board | <input type="checkbox"/> Verbal mini-presentation |
| <input type="checkbox"/> Other _____ | |

By submitting this application, the applicant consents to release the project summary, facility contact information and images to IWCC to post on its website

Submission Information

Note: The outline below is a suggested format. Please feel free to submit an outline or report in a format that best suits your work.

A. Describe your organization. *Provide a brief description of your organization in 150 words or less*

B. Describe your project

1. What problem are you trying to solve?
(10 points: 1 point = no clear need for improvement and limited evidence to support implementing the initiative; 10 points = well described prior gap in performance and randomized controlled trial level evidence supporting the intervention)
2. What data metrics did you use to track and measure the progress of your project?
List the data metrics monitored during this project. Note: Actual results should be placed in section C.
3. What changes did you implement?
4. How does your project address equity and patient-centered care, such as directly engaging patients and families, reducing disparities, and/or addressing social determinants of health?

C. Results

What was the outcome of your project? Demonstrate your results. Show your data in graphs or charts.

D. Summarize your project

Provide a brief summary in **150 words or less** of your project in simple language. Briefly state the following:

(1) what you aimed to improve, **(2)** why it's important, **(3)** what changes you made and **(4)** your quantifiable result(s).

How did you hear about the IWCC Awards of Excellence for pressure ulcer prevention and care?
