

SNF VBP ESSENTIALS

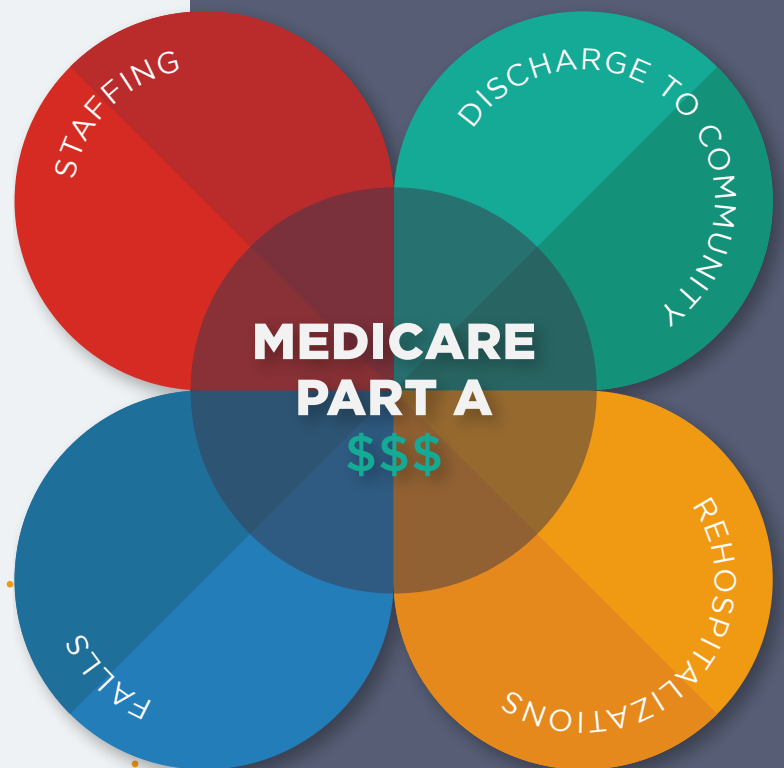

New CMS SNF VBP measures effective 10/1/2023 will determine Medicare Part A rates beginning 10/1/2025. Understand the new skilled nursing value-based purchasing changes now or start writing your excuses for losing future Medicare reimbursements.

LEARN HOW:

- CMS calculates VBP measures, risk adjustment, facility score, and payment adjustment.
- CMS will apply the incentive payment multiplier.
- To use a SNF VBP prediction calculator to estimate the financial impact of quality measures on Medicare Part A revenue.
- Adopting best practices now helps avoid Part A payment penalties and can boost future incentive payments.

1.25 NAB CEs and **1.0 contact hour** through the Iowa Board of Nursing are available upon course completion
